Transmittal No. 21-24

Germany – P-8A Aircraft and Associated Support

WASHINGTON, March 12, 2021 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Germany of P-8A Aircraft and Associated Support, and related equipment, for an estimated cost of \$1.77 billion. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Germany has requested to buy five (5) P-8A Patrol Aircraft; nine (9) Multifunctional Distribution System Joint Tactical Radio Systems 5 (MIDS JTRS 5); and twelve (12) LN-251 with Embedded Global Positioning Systems (GPS)/Inertial Navigations Systems (EGIs). Also included are commercial engines; Tactical Open Mission Software (TOMS); Electro-Optical (EO) and Infrared MX-20HD; AN/ AAQ-2(V) I Acoustic System; AN/APY-10 radar; ALQ-240 Electronic Support Measures; NexGen Missile Warning Sensors; AN/PRC-117G Manpack radios include MPE-S type II with SAASM 3.7; Global Positioning Systems (GPS) 524D Precise Positioning System (PPS) for APY-10 Radar; AN/ALQ-213 Electronic Counter Measures; AN/ALE-47 Counter Measures Dispensing Systems; AN/UPX IFF Interrogators; APX-123A(C) IFF Digital Transponders; KIV-78 IFF Mode 5 Cryptographic Appliques; CCM-701A Cryptographic Core Modules; KY-100M, KY-58, KYV-5 for HF-121C radios; AN/PYQ-10 V3 Simple Key Loaders (SKL) with KOV-21 Cryptographic Appliques; aircraft spares; spare engine; support equipment; operational support systems; training; training devices; maintenance trainer/classrooms; publications; software; engineering technical assistance (ETA); logistics technical assistance (LTA); Country Liaison Officer (CLO) support; Contractor Engineering Technical Services (CETS); repair and return (RoR); transportation; aircraft ferry; and other associated training and support; and other related elements of logistics and program support. The total estimated program cost is \$1.77 billion.

This proposed sale will support the foreign policy and national security of the United States by improving the security of a NATO Ally which is an important force for political and economic stability in Europe.

The proposed sale will improve Germany's capability to meet current and future threats by providing critical capabilities to coalition maritime operations. Germany currently operates the Lockheed P-3C Orion, but that aircraft is reaching end-of-life and will retire in 2024. Germany plans to replace it with the P-8A Poseidon. The proposed sale will allow Germany to modernize and sustain its Maritime Surveillance Aircraft (MSA) capability for the next 30 years. Germany will have no difficulty transitioning its MSA force to P-8 and absorbing these aircraft into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be The Boeing Company, Seattle, WA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of the proposed sale will require the assignment of four (4) U.S. Government and four (4) contractor representatives to Germany for a duration of two (2) years to support equipment familiarization, training and supply support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law. The description and dollar value is for the highest estimated quantity and dollar value based on initial requirements. Actual dollar value will be lower depending on final requirements, budget authority, and signed sales agreement(s), if and when concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
